Our Mission

To develop safe and sustainable instrument protection solutions that meet the evolving needs of hospital sterile processing teams and device manufactures.

Our Story

Raine was founded by industry professionals with deep experience in medical device engineering and healthcare operations. Through years of working alongside hospitals and device manufacturers, we saw how small design details can have a major impact on safety, efficiency, and instrument integrity. That perspective continues to guide how we design every product as a reliable solution shaped by real-world feedback from sterile processing.

Our Hope

We believe the best solutions come through collaboration.

By working alongside front-line technicians and professionals, we aim to continually improve sterile processing supplies & tools to make everyday workflows simpler, more consistent, and more reliable.

Our hope is to help healthcare teams protect what matters most: patients, instruments, and the future of care.

RELIABLE

- ✓ Engineered for an ideal fit that stays securely in place
- ✓ Full range of generic sized tip protectors supporting over 40,000 instruments
- ✓ Sleek, effective, patented designs that support packaging and preparation

DURABLE

- ✓ Made from a proprietary thermoplastic elastomer (TPE) blend
- ✓ Approved for steam, low-temperature (including both V-PRO™ and STERRAD™), EtO and gamma sterilization*
- ✓ No oily or sticky residue

SUSTAINABLE

- ✓ Can be recycled (closed-loop)
- ✓ PVC and silicone free

No Shrinking!! They definitely hold up better and don't adhere to instruments like our current ones.

- Sterile Processing Educator

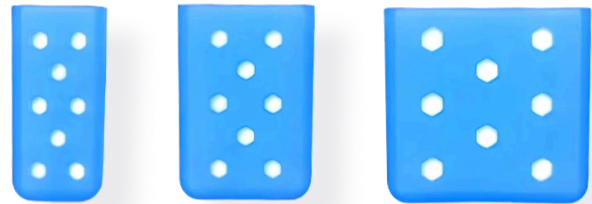

*Final sterilization validation remains the responsibility of the end user.

Flat Tip Protectors

Patented design with a flexible, ideal fit for many instruments ranging from forceps to robotic arms, laparoscopic aspiration needles, needle holders and skin hooks. Available in translucent blue and clear.

| Product # | Dimensions (Width x Length) | Color |
|-----------|-------------------------------|-------|
| TP-007TB | 0.375" x 1" (9.5mm x 25.4mm) | Blue |
| TP-008TB | 0.625" x 1" (15.9mm x 25.4mm) | Blue |
| TP-009TB | 1" x 1" (25.4mm x 25.4mm) | Blue |
| TP-007CT | 0.375" x 1" (9.5mm x 25.4mm) | Clear |
| TP-008CT | 0.625" x 1" (15.9mm x 25.4mm) | Clear |
| TP-009CT | 1" x 1" (25.4mm x 25.4mm) | Clear |

Double Flat Tip Protectors

Suitable for hinged instruments ranging from surgical scissors to forceps and clamps. Available in translucent blue and clear.

| Product # | Dimensions (Width x Length) | Color |
|-----------|------------------------------|-------|
| DG-001TB | 0.375" x 1" (9.5mm x 25.4mm) | Blue |
| DG-001CT | 0.375" x 1" (9.5mm x 25.4mm) | Clear |

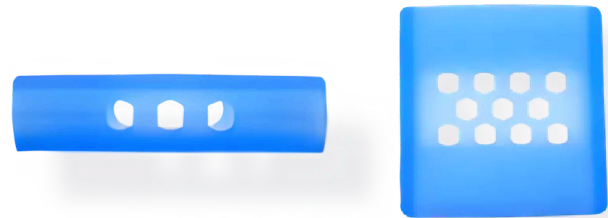

Retractor Tip Protectors

Effective protection and ventilation to aid sterilant exposure for various sized retractors including Gelpi and Weitlaner.

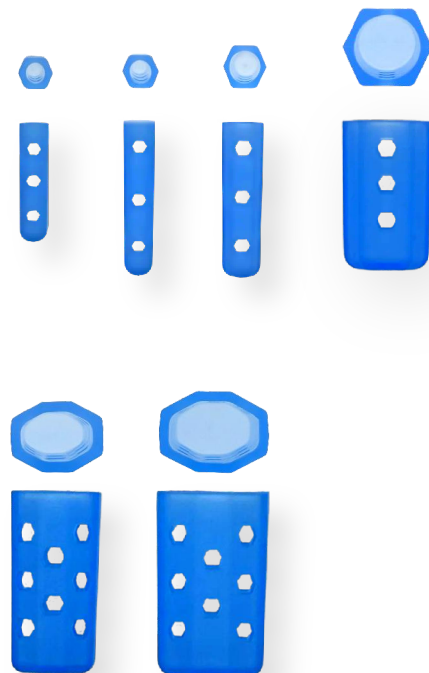

| Product # | Dimensions (Width x Length) | Color |
|-----------|----------------------------------|-------|
| TP-013TB | 1.685" x 0.295" (42.8mm x 7.5mm) | Blue |
| TP-014TB | 1.114" x 1.102" (28.3mm x 28mm) | Blue |

Round Tip Protectors

Helps prevent instruments from damage and avoid costly repairs. Suitable for many instruments ranging from forceps to scopes, and micro instruments. Available in translucent blue and clear.

| Product # | Dimensions (Width x Length) | Color |
|-----------|---------------------------------|-------|
| SG-003TB | 0.109" x 0.75" (2.8mm x 19.1mm) | Blue |
| SG-004TB | 0.125" x 1" (3.2mm x 25.4mm) | Blue |
| SG-005TB | 0.187" x 1" (4.7mm x 25.4mm) | Blue |
| SG-010TB | 0.406" x 0.866" (10.3mm x 22mm) | Blue |
| TC-011TB | 0.394" x 1" (10mm x 25.4mm) | Blue |
| TC-012TB | 0.522" x 1" (13.25mm x 25.4mm) | Blue |
| SG-003CT | 0.109" x 0.75" (2.8mm x 19.1mm) | Clear |
| SG-004CT | 0.125" x 1" (3.2mm x 25.4mm) | Clear |
| SG-005CT | 0.187" x 1" (4.7mm x 25.4mm) | Clear |
| TC-011CT | 0.394" x 1" (10mm x 25.4mm) | Clear |
| TC-012CT | 0.522" x 1" (13.25mm x 25.4mm) | Clear |

Prioritizing Patient Safety, Delivering Care Faster

Our purpose is clear: safeguard the integrity of your instruments and sterile barriers with our protection products, so sterile processing teams can focus on what matters most, *patient safety*.

RELIABLE

- ✓ Designed to minimize moisture retention and support effective drying
- ✓ Sturdy, secure fit with balanced flexion
- ✓ Vivid colors against blue wrap

DURABLE

- ✓ Proprietary blend of thermoplastic elastomer (TPE) formulation for sterile processing applications
- ✓ Approved for steam, low-temperature (including both V-PRO™ and STERRAD™) sterilization*

SUSTAINABLE

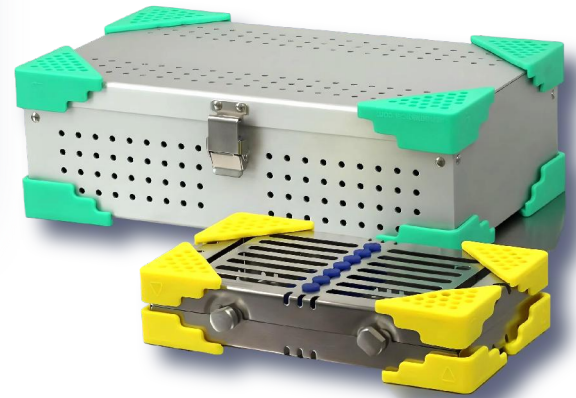

- ✓ Circular design that enables closed-loop recycling
- ✓ PVC and silicone free

Product outperformed. Does not slip when wrapping. Felt sturdy, rigid design. 10/10!

- Ryan, SPD Technician

*Final sterilization validation remains the responsibility of the end user.

Corner Guards

Helps safeguard sterile barriers by preventing wrap tears. Patented design with three sizing options to fit shallow, standard and loaner trays.

| Product # | Dimensions (Width x Length x Height) | Color |
|-----------|--|--------|
| COR-003 | 2.5" x 2.5" x 0.9" (63mm x 63mm x 23mm) | Green |
| COR-005 | 2" x 2" x 0.75" (52mm x 52mm x 19mm) | Yellow |
| COR-007 | 2.85" x 2.85" x 1.25" (72.5mm x 72.5mm x 32mm) | Purple |
